

Sample Itinerary for 7 Night Kimberly Snapshot

Schedule based on and around a full moon spring tide. Itineraries can be tailored for private group charters.

Day 1: Boarding

Your incredible Kimberley journey starts with a scenic flight transfer Broome to Dampier Peninsula to board the Kimberley Pearl. From here cruise across King Sound to Yampi Sound to overnight in Myridi Bay, enjoy the sunset and a delightful dinner cooked by your on board chef on your first evening on board the Kimberley Pearl.

Day 2: Myridi Bay to Dugong Bay

Spend the day exploring Crocodile Creek, enjoy a freshwater swim and some Bluewater fishing before an afternoon departure to cruise across Yampi Sound, past Koolan Island then into Dugong Bay as the sunsets on your second evening.

Day 3: Dugong Bay

Enjoy the morning exploring Dugong Bay, one of the most pristine and spectacular parts of the Kimberley Coastline, fishing in creeks hidden in the mangroves and exploring the rocky headlands of the Bay. In the afternoon depart Dugong Bay and cruise to White Belly Creek, enjoying your freshly caught fish for dinner as the sun goes down on your third evening.

Day 4: White Belly Creek to Montgomery Reef

Take in the beautiful scenery and bird life found along White Belly Creek whilst trying your hand at catching some mud crabs for dinner. Continue cruising down to Montgomery Reef over the top of the tide and watching the reef as the tide ebbs away and exposes itself. Truly memorable natural viewing! Enjoy your cooked mud crabs as the sunsets on your fourth evening and you cruise to anchor in Doubtful Bay overnight.

Day 5: Doubtful Bay to Eagle Point

Get in some early morning Barra fishing before cruising out to Raft Point and jumping ashore for a walk to view the Numburi Art Shelter. Continue cruising down towards Eagle Point to enjoy your fifth night anchored in this secluded area and dining on freshly caught Barra.

Day 6: Eagle Point to Talbot Bay (Horizontal Falls)

It's an early start as we cruise down Collier Bay, through the Woinjaba Islands and into Talbot Bay. Spend the afternoon experiencing the Horizontal Falls or looking for wildlife and exploring Talbot Bay. Enjoy the serenity of the surrounding Bay as the sunsets on your second last evening.

Day 7 Talbot Bay to Yampi Sound & Cone Bay

There is still time to experience the Horizontal Falls before departing on the outgoing tide towards Yampi Sound. Jump on a tender to explore the Buccaneer Archipelago, a cluster of four islands found here, or spend your afternoon catching dinner for your last evening on board the Kimberley Pearl. Continue cruising towards Cone Bay and savour the final Kimberley sunset and dinner delights served by your on board chef.

Day 8: Cone Bay to Cygnet Bay

Cruise back to passenger drop off point to disembark the Kimberley Pearl and catch your connecting scenic flight transfer back to Broome. Times will be dependent on tides, Kimberley Pearl Charters would recommend evening flight departures from Broome if wishing to return same day of disembarkation to allow for any delays.
